INDEX TO VOLUME XX

A

African children, Severe and prolonged underfeeding in (H. C. Trowell), 110
ALLEN-WILLIAMS, G. M.: Pulse-rate and blood-pressure in infancy and early childhood, 125
ALLIBONE, E. C. (and E. Finch): The measurement of the nutritional level of thiamin in children by the estimation of the urinary excretion, 169
Assessment of health in childhood (Norman B. Capon), 52

B

BARCLAY, Patience E.: Congenital thrombocytopenic purpura, 94
BARLOW, A.: Prognosis in prematurity, 184
BARLOW, Sir Thomas, A handlist of the writings of (A. White Franklin), 50
BARLOW, Thomas (1845–1945) (Sir Robert Hutchison, Bt.), 49
Belgian children, Growth and health of (Richard W. B. Ellis), 97
Bilateral adrenal hypertrophy in infancy (M. O. Skelton), 135
BINGHAM, Kaitilin (and Helen M. M. Mackay and R. H. Dobbs): The effect of national bread, iron medicated bread, and of iron cooking utensils on the haemoglobin level of children in war-time day nurseries, 56
Blood pressure and pulse-rate in infancy and early childhood (G. M. Allen-Williams), 125
BODIAN, M.: Penicillin, its dosage and administration in infants, 185
Bread, national, effect of, and iron medicated bread and of iron cooking utensils on the haemoglobin level of children in war-time day nurseries (Helen M. M. Mackay, R. H. Dobbs and Kaitilin Bingham), 56
Breast feeding, The value of (psychological) (D. W. Winnicott), 186
BRITISH PAEDIATRIC ASSOCIATION: Proceedings of the Sixteenth Annual General Meeting. Statistics of prematurity (J. L. Henderson), 184; Prognosis in prematurity (A. Barlow), 184; Statistics of pyloric stenosis (G. Davison), 185; Congenital malformations of the heart associated with lower chest recession (A. E. Naish), 185; Preliminary observations on serum protein values in infancy (R. Pugh), 185; Penicillin, its dosage and administration in infants (M. Bodian), 185; An experiment in control of neonatal infections in a maternity hospital (J. C. Spence), 186; The value of breast feeding (psychological), (D. W. Winnicott) 186; Tuberculous infection in patients admitted to a general children's ward (A. G. Watkins), 186; Vitamin D treatment of rheumatoid arthritis (F. J. Ford), 186; Tuberculous rheumatism (W. Sheldon), 187; The organization of out-patients in a children's hospital (K. D. Wilkinson), 187

C

CAPON, Norman B.: The assessment of health in childhood, 52
Cardiac complications in scarlet fever (C. Neubauer), 81
Century of changes in the mortality and incidence of the principal infections of childhood (A. H. Gale), 2
Clinical Material of health in paediatrics, where to get it, and how to use it (Charles McNeil), 151
Congenital hemi-atrophy (Lilly H. Zondek), 35
Congenital malformations of the heart associated with lower chest recession (A. E. Naish), 185
Congenital malformation of the heart in one of identical twins (Kathleen McClintock), 47
Congenital thrombocytopenic purpura (Patience E. Barclay), 94
COUPER, Edward C. Ross: Penicillin in infections of infancy, 117
CRUICKSHANK, Robert: Infection in infancy, 145
Cystic fibrosis of the pancreas (W. Douglas Henderson), 179

D

DAVISON, G.: Statistics of pyloric stenosis, 185
Decrease of serum cholesterol ester in haemolytic disease of the newborn (Arne Rothe-Meyer and Evelyn M. Hickmans), 160
Diagnosis of chronic intussusception in children (J. M. Garvie and F. H. Kemp), 73
Diarrhoea, Infantile (Patria Gairdner), 22
DOBBS, R. H. (and Helen M. M. Mackay and Kaitilin Bingham): The effect of national bread, iron medicated bread, and of iron cooking utensils on the haemoglobin level of children in war-time day nurseries, 56
DONALDSON, G. M. (and Harold Scarborough): Toxic thrombocytopenic purpura following local sulphathiazole therapy, 69
Dwarfism, Renal (M. L. Thomson and Vera K. Wilson), 32

E

Effect of national bread, of iron medicated bread, and of iron cooking utensils on the haemoglobin level of children in war-time day nurseries (Helen M. M. Mackay, R. H. Dobbs and Kaitilin Bingham), 56
ELLIS, Richard W. B.: Growth and health of Belgian children, 97
Experiment in control of neo-natal infections in a maternity hospital (J. C. Spence), 186

F

FINCH, E. (and E. C. Allibone): The measurement of the nutritional level of thiamin in children by the estimation of the urinary excretion, 169
FINDLAY, Leonard: The fragility of the red cell to hypotonic saline in infancy and childhood, 64
FORD, F. J.: Vitamin D treatment of rheumatoid arthritis, 186
Fragility of the red cell to hypotonic saline in infancy and childhood (Leonard Findlay), 64
FRANKLIN, A. White: A handlist of the writings of Sir Thomas Barlow, 50

G

GAIRDNER, Patria: Infantile diarrhoea, 22
GALE, A. H.: A century of changes in the mortality and incidence of the principal infections of childhood, 2
GARVIE, J. M. (and F. H. Kemp): The diagnosis o chronic intussusception in children, 73
Growth and health of Belgian children (Richard W. B. Ellis), 97
GUTHRIE, Katharine J.: Idiopathic muscular hypertrophy of oesophagus, pylorus, duodenum and jejunum in a young girl, 176

H

Haemolytic disease of the newborn, decrease of serum cholesterol ester in (Arne Rothe-Meyer and Evelyn M. Hickmans), 160
Handlist of the writings of Sir Thomas Barlow (A. White Franklin), 50
Health in paediatrics, Clinical Material of, where to get it and how to use it (Charles McNeil), 151
Heart, Congenital malformation of associated with lower chest recession (A. E. Naish), 185
Heart, Congenital malformation of the, in one of identical twins (Kathleen McClintock), 47
Hemi-atrophy, Congenital (Lilly H. Zondek), 35
HENDERSON, W. Douglas: Cystic fibrosis of the pancreas, 179
HENDERSON, J. L.: Statistics of prematurity, 184
Hepatomegaly, Splenomegaly and, in an adolescent simulating Banti's syndrome (A. F. MacCabe and W. G. Taaffe), 138
HICKMANS, Evelyn M. (and Arne Rothe-Meyer): Decrease of serum cholesterol ester in haemolytic disease of the newborn, 160
HIGGINS, Ian: Spontaneous pneumothorax in infancy, 141
HUTCHISON, Sir Robert, Bt.: Thomas Barlow (1845–1945), 49
Hypertension Malignant, Pyelonephritis and ulceration of small intestine in a child (J. Edgar Morison), 90
Hypertrophy, Bilateral adrenal in infancy (M. O. Skelton), 135

I

Idiopathic muscular hypertrophy of oesophagus, pylorus, duodenum and jejunum in a young girl (Katharine J. Guthrie), 176
Infantile diarrhoea (Patria Gairdner), 22
Infection in infancy (Robert Cruickshank), 145
Intussusception, Chronic, diagnosis of, in children (J. M. Garvie and F. H. Kemp), 73

J

JACOBY, N. M. (and L. Sagorin): Osteomyelitis of the jaws in infancy treated with penicillin, 166
Jaws, Osteomyelitis of the, in infancy treated with penicillin (N. M. Jacoby and L. Sagorin), 166

K

KEMP, F. H. (and J. M. Garvie): The diagnosis of chronic intussusception in children, 73
KRESTIN, David: The results of routine prophylaxis and treatment of rickets in war-time nurseries, 28

L

LANGLEY, F. A.: The nature of Still's disease with report of a case 155
LEYS, Duncan: Paroxysmal tachycardia in infancy, 44

M

MACCABE, A. F. (and W. G. Taaffe): Splenomegaly and hepatomegaly in an adolescent simulating Banti's syndrome, 138
MCCLINTOCK, Kathleen: Congenital malformation of the heart in one of identical twins, 47
MACKAY, Helen M. M. (R. H. Dobbs and Kaitilin Bingham): The effect of national bread, of iron medicated bread, and of iron cooking utensils on the haemoglobin level of children in war-time day nurseries, 56
MCNEIL, Charles: The Clinical Material of health in paediatrics, where to get it, and how to use it, 151
Measurement of the nutritional level of thiamin in children by the estimation of the urinary excretion (E. C. Allibone and E. Finch), 169
MORISON, J. Edgar: Pyelonephritis, malignant hypertension and ulceration of small intestine in a child, 90
MORISON, J. Edgar: Renal venous thrombosis and infarction in the newborn, 129
Muscular hypertrophy, Idiopathic, of oesophagus, pylorus, duodenum and jejunum in a young girl (Katharine J. Guthrie), 176

N

Naish, A. E., Congenital malformations of the heart associated with lower chest recession, 185
Nature of Still's disease with report of a case (F. A. Langley), 155
Neo-natal infections, An experiment in control of in a maternity hospital (J. C. Spence), 186
NEUBAUER, C.: Cardiac complications in scarlet fever, 81

O

Organization of out-patients in a children's hospital (K. D. Wilkinson), 187
Osteomyelitis of the jaws in infancy treated with penicillin (N. M. Jacoby and L. Sagorin), 166
Out-patients, organization of in a children's hospital (K. D. Wilkinson), 187

P

Pancreas, Cystic fibrosis of the (W. Douglas Henderson), 179
Paroxysmal tachycardia in infancy (Duncan Leys), 44
Penicillin in infections of infancy (Edward C. Ross Couper), 117
Penicillin, its dosage and administration in infants (M. Bodian), 185
Penicillin, Osteomyelitis of the jaws in infancy treated with (N. M. Jacoby and L. Sagorin), 166
Pneumothorax, Spontaneous in infancy (Ian Higgins), 141
Preliminary observations on serum protein values in infancy (R. Pugh), 185
Prematurity, Prognosis in (A. Barlow), 184
Prematurity, Statistics of (J. L. Henderson), 184
Proceedings of the Sixteenth Annual General Meeting of the British Paediatric Association, 182
Prognosis in prematurity (A. Barlow), 184
PUGH, R.: Preliminary observations on serum protein values in infancy, 185
Pulse-rate and blood pressure in infancy and early childhood (G. M. Allen-Williams), 125
Pyelonephritis, Malignant hypertension and ulceration of small intestine in a child (J. Edgar Morison), 90
Pyloric stenosis, Statistics of (G. Davison), 185

R

Renal dwarfism (M. L. Thomson and Vera K. Wilson), 32
Renal venous thrombosis and infarction in the newborn (J. Edgar Morison), 129
Results of routine prophylaxis and treatment of rickets in war-time nurseries (David Krestin), 28
Rheumatism, Tuberculous (W. Sheldon), 187
Rheumatoid arthritis, Vitamin D treatment of (F. J. Ford), 186
Rickets, The results of routine prophylaxis and treatment of in war-time nurseries (David Krestin), 28
ROTHE-MEYER, Arne (and Evelyn M. Hickmans): Decrease of serum cholesterol ester in haemolytic disease of the newborn, 160

S

SAGORIN, L. (and N. M. Jacoby): Osteomyelitis of the jaws in infancy treated with penicillin, 166
Saline, Hypotonic, the fragility of the red cell to in infancy and childhood (Leonard Findlay), 64
SCARBOROUGH, Harold (and G. M. Donaldson): Toxic thrombocytopenic purpura following local sulphathiazole therapy, 69
Scarlet fever, Cardiac complications in (G. Neubauer), 81
Serum cholesterol ester, Decrease of in haemolytic disease of the newborn (Arne Rothe-Meyer and Evelyn M. Hickmans), 160
Serum protein values, Preliminary observations on in infancy (R. Pugh), 185
Severe and prolonged underfeeding in African children (H. C. Trowell), 110
SHELDON, W.: Tuberculous rheumatism, 187
SKELTON, M. O.: Bilateral adrenal hypertrophy in infancy, 135
SPENCE, J. C.: An experiment in control of neo-natal infections in a maternity hospital, 186
Splenomegaly and hepatomegaly in an adolescent simulating Banti's syndrome (A. F. MacCabe and W. G. Taaffe), 138
Spontaneous pneumothorax in infancy (Ian Higgins), 141
Statistics of prematurity (J. L. Henderson), 184
Statistics of pyloric stenosis (G. Davison), 185
Still's disease, The nature of with report of a case (F. A. Langley), 155
Sulphathiazole, Local therapy, toxic thrombocytopenic purpura following (G. M. Donaldson and Harold Scarborough), 69

T

TAAFFE, W. G. (and A. F. MacCabe): Splenomegaly and hepatomegaly in an adolescent simulating Banti's syndrome, 138
Tachycardia, Paroxysmal in infancy (Duncan Leys), 44
Thiamin, The measurement of the nutritional level of in children by the estimation of the urinary excretion (E. C. Allibone and E. Finch), 169
Thrombocytopenic purpura, Congenital (Patience E. Barclay), 94
Thrombosis, Renal venous and infarction in the newborn (J. Edgar Morison), 129
THOMSON, M. L. (and Vera K. Wilson): Renal dwarfism, 32
TROWELL, H. C.: Severe and prolonged underfeeding in African children, 110
Toxic thrombocytopenic purpura following local sulphathiazole therapy (G. M. Donaldson and Harold Scarborough), 69
Tuberculous infection in patients admitted to a general children's ward (A. G. Watkins), 186
Tuberculous rheumatism (W. Sheldon), 187

U

Underfeeding, Severe and prolonged in African children (H. C. Trowell) 110

V

Value of breast feeding (psychological) (D. W. Winnicott), 186
Vitamin D treatment of rheumatoid arthritis (F. J. Ford), 186

W

WATKINS, A. G.: Tuberculous infection in patients admitted to a general children's ward, 186
WILKINSON, K. D.: The organization of out-patients in a children's hospital, 187
WILSON, Vera K. (and M. L. Thomson): Renal dwarfism, 32
WINNICOTT, D. W.: The value of breast feeding (psychological), 186

Z

ZONDEK, Lilly H.: Congenital hemi-atrophy, 35

PRINTED IN GREAT BRITAIN BY WILLIAM CLOWES AND SONS, LIMITED, LONDON AND BECCLES
